- **New Registration** – This page will display the event that was selected, the type of event, the first name of the user, last name of the user, all other fields below this must be entered by you.
- **Class Field** - When you click on the Class Field a popup will appear that list all of the classes for this event. The Beginning Year through the Ending Year models for this class. Click on the Class that represents your car, the popup will disappear & the Class will be entered into the Class Field.
- **Make & Model Fields** - Enter the Make & Model Fields with the information that represents your car (such as Make “Ford” Model “Mustang”, Make “Chevy” Model “Belaire”, Make “Shelby” Model “GT500”, Make “Corvette” Model “Z06”, or etc.). The total number of characters between both of these fields must not exceed 23 characters in order to fit on the placards.
- **Year Field** – Enter the year of the car you are registering. The Year Field must be 4 numbers & no letters (such as 1961, 2000, 2025, & etc.).
- **Color Field** - Enter the color of the car you are registering. The Color Field any color and/or combination of colors but must not exceed 20 characters (such as Red, White, Black, Mist Red, Rapid Blue, Red/White, or etc.).
- **Shirt Size Field** – Select the size of shirt by clicking the Shirt Size Field. A drop down window will appear with the available sizes. Click on your desired size, the size will be entered into the Shirt Size Field.
- **Car Photo** – Photos entered in the Car Photos Field may be used to display on a large screen of the winners of each class during the Awards Ceremony. A photo may be entered by one of two methods into the Car Photo Field. 1) You may take a photo with the camera on the device you are register on. Click the Camera Button & a camera window will appear. When the image appears as you desire, click the Take Photo Button. This will automatically generate an unique name for your photo which will be entered into the Car Photo Field. 2) You can upload an existing photo from your device to the Car Photo Field.
- **Save Button** – The information you have inputted on this page will not be saved until you click the Save Button. Once your registration has been successfully saved, a popup window will appear to confirm your registration & provide you with an opportunity to do another registration.

- **Cancel Button** – This button allow you to navigate to the Home Page without saving your registration.

Car Events Pro Guided Tour

- **Voting** – Is only available for Participant if the Event Owner designated the Scoring as Participant Voting. Only participants that are registered in the event are eligible to vote. The number of ballots available to the Participant are based on the number of cars they registered for this event (such as one car registration equals one ballot, two cars registration equals two ballots, & etc.). Voting is only open at the start date & start time through the end date & end time of the event. Click
- Voting for cars of your chose per Class can be done by one of two ways:
 - typing the Car # on the Class Row or
 - It can be done by clicking on the Scan button, a camera window will appear, scan the QR Code on the placard for the car you wish to enter your vote.
 - The votes you entered can be changed as many times as you want prior to clicking on the Submit button.
 - You must click the Submit button after you have voted in all the classes that you want in order for your votes to be tabulated. Once submitted if you have other ballots available for voting, the page will clear & be available for the next ballot.

**Car Show Voting** Scan

Enter the Car # for each class that is your first choice or scan Placard

Class	Description	Car #
C1	Corvette-C1 (53-62)	0
C2	Corvette-C2 (63-67)	0
C3	Corvette-C3 (68-82)	0
C4	Corvette-C4 (84-96)	0
C5	Corvette-C5 (97-04)	0
C6	Corvette-C6 (05-13)	0
C7	Corvette-C7 (2014-2019)	1
C8	Corvette-C8 (2020-2026)	4

Submit

- Registration changes can be made to your existing registration by the participant up to 4 hours after the start time of the event, if that registration has not been Check-In. Any changes required after this point will require you to go to the Registration Booth & one of the event representatives can make the changes. If your placard has already been printed, you will be required to surrender your placard before changes can be made. Click the Registered button on the Menu Registered to start the registration changes, a popup window will appear with a list of registrations for you for this event (if you have any registrations for this event). Note another popup window may appear asking to “Allow Camera” to be used, click “Allow” if you wish to take a photo of your car, or click the “Block”. The row highlighted in cyan indicates that car has been Check-In, you will not be able to select it. Select the row that is white background, a popup window will appear for editing your registration.
